

Expanding Horizons for Money Transfers in Tanzania: Our New Collaboration with Tigo Pesa

Posted on November 5, 2024 by Tatiana Wheeler-Brown

At Remitly, we're always looking for new ways to make sending money home easier, and more secure for our customers around the world. That's why we're thrilled to announce our collaboration with Tigo Pesa (now known as Mixx by Yas), a top mobile money provider in Tanzania. This collaboration helps us connect even more people to the secure and convenient money transfer services they need.

Tigo Pesa is a notable force in the Tanzanian digital finance space, with more than 17 million customers who count on its services for their transactions. We hope that by teaming up with a trusted and widely-used platform, and now enabling Remitly customers to send directly to Tigo Pesa wallets, we'll be able to continue delivering convenience and value to our customers.

We are continuously working to improve your experience and make sending money as smooth as possible. This collaboration with Tigo Pesa is another step in that journey, and we can't wait to keep growing and finding new ways to serve you better.

Check out the new dedicated page for the collaboration HERE, where you can find tips on sending money via Tigo Pesa and FAQs. You can also visit the Remitly Help Center at Remitly.com and stay tuned for future updates.
